We invite you to attend one of two public awareness sessions on Tuesday, 14 October, 2025. These gatherings are designed to educate professionals, including law enforcement, social workers, counsellors, and everyone in the community who is interested, about the support provided by Alcoholics Anonymous and Al-Anon Family Groups regarding alcohol abuse and its far-reaching effects on our community and our families.

Join us to hear from our guest speakers as they share their personal experiences finding peer-support and help in Alcoholics Anonymous and Al-Anon Family Groups.
